PROFESSIONAL EXPERIENCE

Freelance Web Developer

September 2010 - Present

Developing and maintaining WordPress websites for clients in the Dublin area. Clients include [FFS.ie](#) and [CampusIT.net](#).

IPAG (Ireland) Ltd. Shankill Business Center, Shankill, Dublin 18

December 2011 - April 2014

Lead Front-end Web Developer

- Produce fully functioning web pages from design concept images (.psd to HTML) using HTML5, CSS3 and jQuery.
- Work closely with designers to produce web pages that match the concepts provided and function across a range of commonly used browsers, including IE 7+, Firefox, Chrome, Safari and iOS Safari.
- Apply HTML templates to IPAG's custom built ASP.NET CMS.
- Extend CMS functionality via C# and MSSQL.
- Work with a global team of back-end and database developers via SVN.
- Apply HTML templates to WordPress themes, set up and integrate plug-ins with themes.
- Extend WordPress theme and plugin functionality via PHP as required.
- Maintain sites and make changes for large, institutional clients, including RBS, Barclays, HSBC, AT&T, Bank of America, BNP Paribas, Novartis, and McKesson.

Notable Projects

- Built [Migraderm.com](#) website based on IPAG's Web in a Box CMS. Produced a HTML template from the concept designs. Zurb's Foundation framework was used to achieve full responsiveness. Extended the CMS, using C#, to add functionality. Liaised with client to see the project through to completion.
- Redeveloped [CampusIT.net](#) WordPress website. Upgraded site from previous WordPress version. Applied a new design to the site. Built new WordPress theme with Foundation framework. Installed plug-ins to add functionality. Liaised with client and designers to see the project through to completion.
- Other projects include [EasyPaymentsPlus.com](#) (WordPress), [Hunter-Gatherer.ie](#), [BTWSandyford.ie](#), [RaiseaConcern.com](#), [Irelandxo.com](#) (Drupal 6).

Proactive E-Biz, The Rubicon Center, CIT, Bishopstown, Cork

October 2010 – November 2011

Web Developer.

- Worked with HTML, CSS, Java Script, PHP and ASP.NET with C#.
- Built websites with PHP based Content Management Systems such as Joomla! and WordPress.
- Image editing with Adobe Photoshop CS5.5.
- Built web applications with ASP.NET 4.0 and C#.
- Wrote process documents and user guides for clients and staff.
